MMANC Corporate Partner Program

Municipal Management Association
of Northern California

Inspiring Local Government Leaders Since 1950

Introduction

The MMANC Corporate Partner Program connects businesses and organizations with a vibrant community of hundreds of local government professionals who are committed to contributing to their communities and organizations. Over 600 members represent not only the management leaders of today, but the department directors and city managers of tomorrow. Participating in MMANC's Corporate Partner Program will give your organization unparalleled access to develop relationships with these leaders for years to come.

We hope that our partnership structure will fit the diverse needs of all our corporate partners while reinforcing the value of an MMANC partnership. In this annual Corporate Partner Program, you'll find expanded partnership tiers, opportunities for naming rights of our signature events, and much more.

It's through the generous support of our corporate partners that MMANC has kept our membership and registration rates affordable particularly during these times of inflation. We can't do it without you. I appreciate your support and look forward to partnering with you this year.
